TOPIC: ANSI Standard B165.1 R2018 – Power Brushes

DISTRIBUTED BY: American Brush Manufacturers Association

STATEMENT: This is a reaffirmation of an existing standard that has been in place since 1979 and was last revised in 2013. Changes have been made to make it more relevant and current. It includes guidelines for the design, care and use of power brushes.

QUESTION: Shall the proposed standard on power driven brushes be reaffirmed as American national Standard B165.1

Approve _______________
Object _______________
Abstain _______________

Please note that in order for an objection to be considered, it must be accompanied by supporting written reasons and, where possible, proposals for a solution or specific language changes should be included. An abstention should be accompanied by reasons for abstention.
